

VRH 175 / 250 / 270/ 350/ 400/ 500

VRH pumps are designed to excel in a wide range of applications, making them an ideal choice for Sludge Transfer, Digester Feed, Long Distance Transfer, Grit Removal, Filter Press Feed, Grout Pumping, Food Waste Management.

DESIGNED FOR PERFORMANCE

Performance & Durability:

- ✓ **Exceptional Whole-Life Costs:** Benefit from cost savings over the entire lifespan of the pump.
- ✓ **Minimal Maintenance:** Engineered for durability, requiring very low maintenance. Reduced Spare Part Needs: Fewer spare parts mean less downtime and lower operating costs.
- ✓ **High Performance:** Capable of delivering large volume flows at high discharge pressures, perfect for long-distance transfers.
